EMPLOYMENT HISTORY

MEMPHIS REDBIRDS- Memphis, TN

June 2018-Present

DIRECTOR OF FIELD OPERATIONS

Oversee all aspects of operations related to the playing surface and surrounding grounds at AutoZone Park including baseball games, soccer matches, field conversions, outside events, staff hiring and scheduling, budget management, planning and executing an agronomic plan, operational strategy, planning field renovation projects, and hiring outside contractors when needed. Help to plan events that will maximize revenue while also employing strategies that will protect the field and limit potential damage.

- Oversaw the planning and execution of the first ever soccer match at AutoZone Park on September 1, 2018
- Developed the field conversion strategy and operational budget for inaugural season of Memphis 901FC soccer
- Determined field conversion equipment needs and presented purchasing recommendations to ownership group
- Created an agronomic plan addressing the increased usage of AutoZone Park within a predetermined budget
- Managed grounds staff consisting of a full-time assistant and nearly 20 seasonal employees
- Assessed unforeseen issues and took corrective action to ensure the integrity and aesthetics of the playing field
- Faithfully worked irregular hours to meet schedule and weather related challenges
- Coordinated an expedited full field replacement prior to hosting the 2019 AAA National Championship Game

MEMPHIS REDBIRDS- Memphis, TN

March 2014-June 2018

ASSISTANT GROUNDSKEEPER

Managed the grounds crew to perform daily tasks associated with the maintenance of a highly visible AAA baseball field and other related areas within AutoZone Park. Assisted the Head Groundskeeper to plan and perform year-round cultural practices including aeration, verticutting, topdressing, fertilization, pesticide application, overseeding, and sod replacement.

- Designed and fabricated several tools and structures that have improved ease and quality of various field maintenance practices and have improved organization and use of the shop area
- Conceptualized, built, planted, and maintained the Miracle-Gro Rooftop Garden at AutoZone Park
- Oversaw complete renovation of playing surface prior to 2015 season
- Facilitated additional on field events such as the St. Jude Marathon and postgame fireworks shows
- Assisted in the recruiting, training, and direction of grounds crew staff
- Analyzed and corrected problems associated with the field's irrigation and drainage systems

SERVICE OVER SELF, INC. (SOS)- Memphis, TN

May 2010-March 2014

FACILITIES DIRECTOR/ASST. CONSTRUCTION DIRECTOR

Part of construction staff for non-profit home repair camp. Simultaneously directed 10+ different construction crews of seasonal staff and volunteers. Helped plan and instruct training program for seasonal staff. Planned and executed facility maintenance of the SOS building and grounds while maintaining a budget. Coordinated SOS facility rental to outside groups in addition to performing associated administrative duties. Developed 10-year, \$1,000,000+ capital improvements plan for SOS facilities.
